To Whom It May Concern:

It is my pleasure to recommend Erica Binegar for a teaching position. I had the pleasure of being her student teacher supervisor for her elementary education student teaching experience in second grade at Rita Murphy Elementary School in Bismarck, ND.

I'm pleased to say that Erica did well in her elementary classroom. She was able to relate to her students and motivate them to learn. She had a challenging group of students and had to work hard on classroom management to get her students to perform. She was up to the task.

In the time that I have worked with Erica, she has proven to be very dependable and hard working. She worked well with her cooperating teacher. Erica is a team player and also worked well with the other staff members at Rita Murphy. She has a good work ethic and professionalism. Erica was open to feedback and suggestions from both her university supervisor and cooperating teacher. She is very genuine about wanting to improve her teaching skills. She was organized and carried out lesson plans in an efficient manner. Technology was used frequently and effectively.

From what I have seen during my observations, Erica is ready to begin teaching. She is very eager to become a part of the teaching profession and has a genuine interest in her students. I would recommend her for a teaching position.
